

MAY/JUNE 2023

# GERMANO FAMILY

## DOMINICAN REPUBLIC

### LOOKING BEHIND

We have enjoyed our time in the US during the past few months. Tim graduated with his Master of Divinity on May 4, and we enjoyed celebrating the day with family. It has been so refreshing reconnecting with them during our trip and spending time together! The following Sunday, we reported at our home church about the work in the DR.

During our trip, we have given updates in some of our supporting churches as well as presented in a new one. We are thankful for Ethan's help in traveling to and preaching at the church in Barahona on Sundays while Tim spoke virtually on Wednesdays. In May, Ethan was able to share the gospel and lead one of the ladies who has been coming to the church since March to Christ. Stephanie began a discipleship class with her and another lady who was recently baptized. Please pray for the spiritual growth of these ladies as well as the church.

### LOOKING AHEAD

We will be returning to the DR on Tuesday, July 25. We were delayed by a few weeks for some follow-up doctor's appointments for Stephanie, but we are praising the Lord for good reports and the ability to take care of these while we were back. Please pray as we head back and continue moving forward for the Lord in the church. We are asking prayer for our VBS in August as we have a few weeks to prepare for this special activity. We are also planning a few outreaches with two different groups from the US who will come and help us during November and in the spring of next year. We want to finish by saying a special thank you to the Prater family for filling in for us these past few months, and we are excited about what God is continuing to do in the city of Barahona! Thank you again for your faithful prayers and support for us!

In Christ,  
The Germanos
